The Committee of Ways and Means of the City Council suggest that the attorneys re tained by the Clark administration to conest the election of the present Mayor and Aklermen were arranged with "on a liberal basis." And the committee recommer that Mr. Corbin, United States District Attorney, City Attorney and State Senator, be paid three thousand dollars as "a fair com pensation" for securing a decision which gave the present Mayor and Aldermen the opportunity to make the City Hall a groghop, and to display in the Council Chambe more than the rudeness of ignorance, and more than the intoxication of power.

Now we happen to know that Messrs Porter, Miles and Barker, the counsel for the Clark administration, were paid a fee of something less than one thousand dollars including the expenses of a professional visit to Columbia. This points the moral of the tale. An arrangement on "a liberal basis" with three leading Charleston attorneys, who conducted one of the most important cases ever tried in this city, means the payment, for the three, of one thousand dollars. But "a fair compensation" for the Radical senator and government offic who defended the cause means the pay, ont of just three times the amount. This is the dvantage of being on the winning side. In this case, mayhap, the three thousand dollars will benefit him that gives as well as him

that takes.

A short time ago a conscientious assess a Abbeville County went to a plantation for the purpose of assessing the taxes of the freedmen employed there. The freedmen were about thirteen in number, and the asessment occupied the official from morning sessor found that the whole amount that the freedmen were assessed-apart from the educational tax of one dollar each-would realize for the State just serenty-five cents, provided that none of the thirteen tax-payers failed to pay the tax. The assessor reconsumed about fifty cents' worth of sta tionery; so that it cost the State three dol lars and fifty cents to obtain the right to collect three-fourths of one dollar. Well may we rise up and call this system blessed!
